# Heartland Retail Point of Sale + NetSuite ERP Connector

NetSuite ERP with Heartland Retail Point of Sale provides businesses with the perfect combination to run their business effectively.

Heartland Retail Point of Sale (**formerly Springboard Retail Point of Sale**) offers seamless connectivity to NetSuite ERP. NetSuite ERP is the world's best cloud business management software suite, automating front and back-office processes.

The Heartland Retail + NetSuite Connector enables you to connect:

**Products
Inventory
Purchase Orders
Stock Adjustments
Store Transfers
Customers
Sales Orders
Sales Tickets
Returns and Exchanges
Gift Card integration
(Gift Codes)
3rd party eCommerce Sync
Store Pickup (BOPIS)**

Your business operations stay in-sync whether you have 1 brick-and-mortar store or 100. It is designed for enterprise retailers that are implementing the latest Omnichannel strategies.

Implementation Simplified

The Heartland Retail + NetSuite Connector is fully-automated. It includes numerous configuration settings to tailor the connector to meet your business requirements.

During implementation, a dedicated onboarding specialist assists with configuring all settings and conducts testing in partnership with your team.

The connector includes a detailed dashboard. The dashboard displays all of your syncing processes in action. It provides complete transparency between Heartland Retail Point of Sale and NetSuite ERP.

The entire solution includes advanced tools to ensure that implementation is easy and affordable. Implementation does not require any NetSuite custom development (NetSuite Suitescripts) to be installed. Documented plans and procedures simplify testing in your NetSuite ERP Sandbox and NetSuite ERP Production instance.

The Heartland Retail + NetSuite Connector can be implemented in under 5 weeks.

Contact Heartland Retail at **(888)-347-2191** to set up a demonstration.

The Heartland Retail + NetSuite Connector is provided by Hyperspace (hyperspacehq.com).
Hyperspace is a certified partner of NetSuite and Heartland Retail.
